

Wounded Healer

Dm / C / F / Am / G / Dm

Dm **C** **F**
Foolishness strips the soul of it's light
Am **G** **Dm**
We foolishly slipped cause we were all blind
C **F**
But in to the dark You brought in the light
Am **G** **Dm**
But light with out sight is perpetual night
G
Wounded Healer, please

Dm **Am**
Give us light Give us vision
C **G**
Give us love Give us mission
Dm **Am**
Give us courage Give us power
C **G**
Give us righteousness for this Hour
Dm **Am**
Give us Joy Give us faith
C **G**
Give us life that we can taste
C **Dm / C / F / Am / G / Dm**
Give us the cross Jesus give us You

We are channels of love that flow from You
We are filled with Your spirit who makes all things new
We are broken bread and poured out wine
Your kingdom come release through our lives

Wounded Healer, please
